Wedn 20th This day we have the best of weather but no Whals Spoke the mercury she has got no oil Since We spoke her last saw another ship to the Windward a trying out Sees very fortunate

July

My Jurnal On Board on the offshore Ground

Thurs 21st — This dayy was a fine dayy and very luckey
In the morning thar was too ships in site
So we steered of West and about nine o
Clock raised a finback our captain say if
That was all they could rais he would rais one
Him self so he sat down in the crostree and sung
Out thear she blows we loard and got one to
the waist boat the rest made off So on

Wen 27th — This day we have strong breses and squaly weather
Standeng to the nother in the morning saw a slik
consensed to cooper but the cooper was so tarnal
Slow that we did not get through till 4 o clo

Thurs 28th — Strong breses and squaly weather steering to the nothe
In the morning we saw a schol of finbacks and grampes
Thear was grate bery and little wool for salt pro
they had a gouy game of it to day Mr thompson ground
three gouys and stewart gouged a fly fish and the
cooper mad a serub broom he said it was the only one in

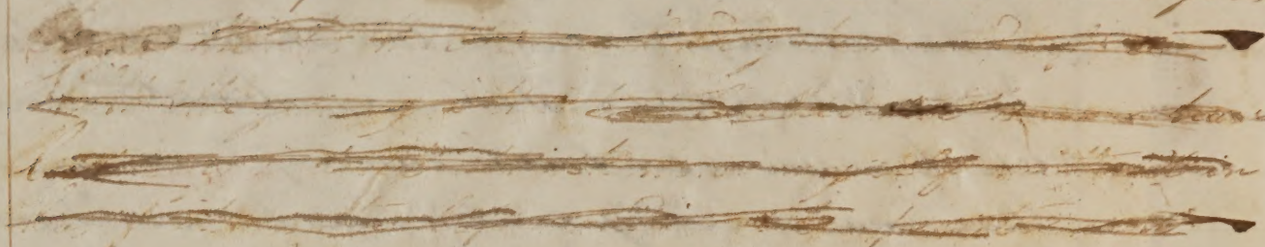
Satur 30th — Com with moderate weather standeng to the nothe
Stowed down our last pair Lat 1 o 3 Lon 110 W

Sund 31st — This day foggy hazey weather saw nothing but we are a
Bout to cross the line so i hope that thar is a schol
Whale about the line heare about this time thear
Is plenty rats on board cockroaches and bedbugs
A plenty Lat 0-40 S Lon 109 15 West

August
Tues 2d — Comences with light breses saw plenty of finback
We have turned round again for the offshore
I hop when we get thear we may find whales
On all quarters if we do i think we may get three two
Tother day our cooper noked down a cask Mary F Hussey
One part of the head was too inches and the other abou
A half an inch thear is cheat in all trads but mine
Lat by observa 1-40 S Lon 104 West

August the 2 — My Journal On Board of the Ship A. L.

I have not up but now i will rite down hear yours



Wedns the 3 — This day very livly saw plenty of blacfish We got too, Scart fore, so that was prety good Sething more saw som conpish and danted At one but he perceived the boat and cut the conon corner of his flooks out and went Down so our captuen improves on the fiddle

Sat the 6 — Strong breses Spoke the Ship Robert Edwards 8 eleven months out with eleven seven hundred bbl we are now on the offshore ground so ends

Sund the 7 — Strong breses and squaly thear was one sail in site And one whale but he was a finback the Robert Saw plenty of whals here we will see som to morrow

Mund the 8 — Light winds and pleasant saw one sail and the Captain saw me ashore he aloud that he should Go down and take a nap that was a dabble day We have got a drum on hand now thear well Be no peas for the wicked this was the first nite Latitude by ob 4° 30 South Long 109° West

Thurs the 11 — Legth winds and pleasant Saw nothing but the Edwards we spoke her yesterday they Are all well on board i saw a mister Douglas thear a freand of jun i do declare at half past six Jim blu skin began to play upon the drum I went agamen last nite and got my sholder Jamed Lat 4-1 Long 111-5 West Lat

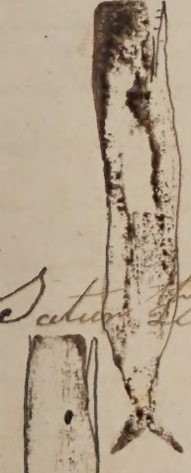
August the 14 - My Journal On Board of the ship [illegible]

Sunday — Comences With Pleasant Weather one Sail in Site supose her to be the Robert Edwards We have a grate many fish hear but none of them was the wright ones dark Prospect this quarter Latitude 4-32 - Longitude 109+14 West greenich

Tuesday the 16 — This Day hary Stering off south west saw Som blackfish we lay a back nights so As to let the old ship take a nap

Wedensday the 17 — This day we has Strong breeses and squals of rain at the haf past eleven Steering N W Raisd a whale of the weath bow going to the windward we tabed for him twice But saw nothing more of him about Five oclock standing to the Nothend we raisd Som more but the sun was low we board But got none they was going of S W Latitude 5+5 - Longitud 111+24 - W

Thursday the 18 — Moderat and at 10 oclock we raisd whales Larvd and gat on to the stabord boat at Twelve oclock got him along side and got Diner Comensed to but him in but next day At three oclock got him but in saw a Nother whale but he went of in a squall



Saturday the 20 — Moderate at seven A M saw of the lea bow Larvd and got one to the waist boat the Boat fastend and the Labord boat got in a [illegible] but he sounded very bad and Draud we got one a board at eleven Comenced Cuting got him but ing before nite

Monday the 22 — At eleven A M got through tureing first 5-2 4-52 Latd Long 111+17 Long 111+47+10

September

Continuation of My Journal on the off shore

Wednesday 14th Comences light winds and pleasant weather Spoke the ship helbetia of hudson thirty thirty 5 four months out with twenty sixe hundred bbl of oil she will cruse here Sixe weeks longer and start for home Latte 4:26 S Lon 112:25 West

Friday 16th Stron breses at eleven oclock saw whales chast them all day but got none they was very wild a certain man sais thear was twenty Fore thousan but he is an awful lyer La 5:11 Lo 113

Saturday 17th Strong breses at 9 oclock saw whails lowed and got One to the waist boat chast the to the leward Without success at twelve oclo the boats got Along side bon Comenst Cutting got through At nite About twelve Comenst boiling

Sunday 18 Got through boiling at seven A M made all Sail Standing to the nothard Bound in if we See nothing more Lat 4:30 Long 114:12 West

Tuesday 19th Commensed with Strong breses Standing to the nottard about 9 oclock the topgalen Mast Backstay parted which made us all To ease at 6 oclock mad fore and misen Top galensails we expect to get on the line About the full for a large whale

Wednesday 20th This day lite winds and pleasant weather All hands employd mending sails saw Cutting we intend to scrape the ship to morrow Latte 1 one fifty fore S Lon 113:23 West

Thursday 21st Commesed Smoking Rats got the Deck pot down the main hachway And built a fuer of charcoal and seacoal With a small quantaty of hell in it

mistake
August the 22 Continued On the Line

Frida the 22 Continued Smoking the Rats untill
Two oclock took off the hatches and found
Sixn dead rats supose to have killed them
All this day we have crossed the line in
Company with the sun we would have gon a
Board but it was rather to far off so ends

Sat the 23 Comenences with light winds and pleasant
Plea Weather saw plenty of finbacks
Later part strong breezes coopened a few cask
Of oil will stow down the first fair day
Lattitud 42 miles N Longitude 107:50 West

Mund the 26 Comences with strong breeses and ligh squales from E SE
Saw nothing took down the batting pendant and fitted
Them we have found a grate many dead rats have
Seen none sins that Lat 1:59 N Long 104:35 West

Tuesd the 27 Comences with light breezess and breaking out
The after hold for some grapes found them and
A dead rat cooper saw a kiler supose to bee a shark
Later part strong breezes with a tune on the fiddle
Lat. 2:45 N Lon. 106:; West

Thurs the 29
This day moderate breezes and pleasant
All hands employed in mending sails so
Old prat is unwell peter has got a very
Bad finger rather on the mending hand
Lat 3:33: N Long 102:40. West

Frida the 30 The
This day Commences with Squals of rain
All hands employed in mending sailes most don
Very dull times see nothing but porpouses and
Low fish the Coop. has preached a little to night
he think Speakes very well of the times
Latit 3:25. Longe 100:15. West

Comm

Spannish main

October the 1. 1836 Passage from the off shore to the

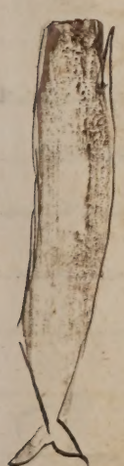
This day Stoarmy breeves and squauls of rain
Saw nothing worthe notis but we expect that
In Longi of ninety in Lati 3:½ to find whales
Laying heads and points old hunch mac dudle
Sais he has left of Lying so i hop we sall yet som
Oil we have killed a pig to day becaus he did
not do his dutey Lat 3:00 Long 98:40 West

Mund th 3 Commences with moderate breeres and light rains
put up the cutting pandants reddy for a whale
About this time they are very scarse about hear
Inshore they are more plenty acording to the cours
Of accounts Lat 2:34. N Long 96:04 West for Bl

Tues th 4 Comences with pleasant weather but saw nothing but
Soon expect to see the Turpecan islands then per
About the co is reading the bib it is seldom
Lat 2:00 N Long 94:00 West for greeneek

Wedn th 5 Commences with strong breeves rather hazy at
About 9 oclock raised acape san plenty of fish
Of various kinds a bone shark a finback porposes and
plenty of dimond fish about 2 oclock saw wey mon
Weymonds island and St Bernarde island the turpen
group Lat 0:58. Long 92:00 West

Thurs th 6 Later



this day Mist in the Seebay Spoke the ship
Brothers of London 10 months out with 4 hundred
Fridays stowed down the of oil we got on the
off shore in the after noon went a fishen
got a fine mes of fish and had a boyl out
Saterday Stood in to the bay to scrub the
bends about 11 oclock raised whales lost the boats
in company with 4 other ships got one to Sulove
Sunday Spoke the shipes winslow of newbedford
Spy ship perseverance of London 9 months 30 Bbl

October Monday the 9 C. a cing on the Lee Bay and Spoke ship fon of london 9 months out with one hundred and fifty bbl

Mund 10th

All hands employed a cold taring the bends In the after noon one boat went a fishing got aboard at sundown with a good mes of fish and a large turtle and 3 seal skins merry times

Tuesda 11th

This day standing of the bay saw the fore ships In the after noon ran down to the rock of bunda sent one boat a fishing spoke the nunslow thear was the faun got a whale yesterday case

Wednes 12th

This day very lively saw plenty blackfish and finbaks too boats loared to chace them but got none the boats went ashore got some fish and no terpen thear was three ships in chace of the finbaks so they all rounded to at night and gave up the chace

Thursd 13th

This was a day of chace about eleven oclock saw whals coming to the windward they steerd about and we put after them one boat got fast but drand one more puted and the tail so thear was ten boats in chace of them untill about fore oclock so then turned about and came a bear rather down to the mouth went aboard of the faun a went to meet my mouth and got shot

Sater 15th

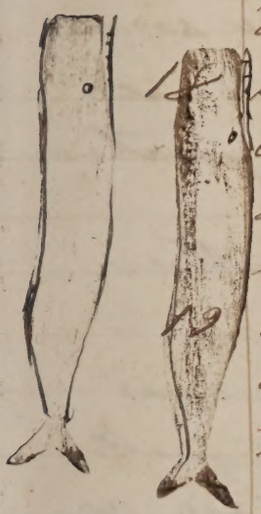
In the forenoon calm about 2 oclock breez Sprung up taked in shore saw the land expect to be clear in tomorrow for a finba Lat 00:34 N Long in shakespear so on

Cooper Immensed playing on the fiddle he makes noise enouf he has been heard to work doing nothing but hunch back

October the 16 bruising in the Lee bay and thaun abo

Sund th 16 commences with light winds and pleasant weather saw nothing but porpoises spoke the ship yoleonda of Newbob newbedford five months out with 25 bbl the perceverance is in shore of us cruising after a breeze in hops to find som fish so ends

Mund th 17 This day light winds and pleasant steering to the Nothard at 4 P M raised whales lowered and got too one a to the waist and Labord boats tuesda but them in got through at 10 o clock lowerd again the wait boat got one at 12 got him along side cut him in and lowerd again and got three more took them along side Wednesday cut them in got through at three o clock so that was pretty fair for three times for the rest of the ships was doing Nothing the sharps



Mund th 24 commenced coopering but did not stave down
25 began to stadown finished the Labord side
26 Got through stowing could not get all the Oil down for want of cask one small Whale will fill up the main hatchway : Whe[illegible] we will get to moove so ends Spoke the ship yoleonda saw whales once since we saw her

Thurs th 27 this day [illegible] we stated from the islands bound in to tombes which is good news
28 strong breezes ship heading about E ..

Sater th 29 Strong breezes and squalls of rain rove a pair of f topsail braces nothing more at present

Mund th 31 Commences with weather saw nothing but porpoises Lat o:26 Long 86;10 West

Remarks On bord On our passage into port

Tues. Nov. 1st — This day begins with moderate breez and fine weather the watches employed in various Jobs of Ships duty such as making nets for punkins and getting out watter &c
Lat. by Obs. 00-2 min North Lon. in 84:40 W

Wedns 2d — Moderate weather spoke the ship aurora of Nantuket 37 months out with 1700 hundred bbls most redy for home i sopose so on we expect to make the land sum time on ather Lat by log Long by gunter

Thursd 3d — Comences with fine pleasant weather Ship heading south east by east Saw nothing worth noteing there is but one man on the sik list with a scurvy Lat 00:44 S Long 82:00 W

Frida 4th — This day begins with moderate breeres ship heading South east by east later part strong breeres shal see the land to morow it is driving tens with old hunch he is on the bunglist there is but one man in the hospitle he comes up to morow Lat 1:20 Long 82:07 West

Sater 5th — This day we have strong breeres with fore and missen topgallen sails in at twelve made all sail saw some humpbaks and blakfish but saw no land at bent the cables at 6 took in sail shall see the land in the night shall see the pretty girls to morow which is good news

Sund 6th — In the morning saw the land about ten miles of dead three o. clock came to anker got onto

Remarks on board Lyon in tombes in the Month of November in the year of our Lord Eighteen hundred and thirty six 36 years old

Novemb 6th and got sum went aboard of a Spanish Shooner and got sum petatoes which was very good thear is sum hopes of getting sum visters but they say the girls has all deserted wich which is very bad news

Mund 7th This day we took a raft ashore but the tide flowed up the river so hard it made the water brakish so we had to let it stay ashore all night on account of the tide i have understood that the girls has all com back which which makes me glad i saw an alagator soon

Tues 8th this day we got our raft of water aboard with the loss of one cask which got adrift in the surf sum no more of it thear was three of our largest pipes got Stove and lost thear water

Wedns 9th this day one watch went on liberty for twenty four hours & had plenty to eat and drink and a site at the girls if nothing more a very misserable place i think too men has run away which causes our captain a grate deal of trubble. one was our carpenter which has ben of duty for the thrie months on account of a sore finger but thear is hopes of eachang them again

10

Thurs 10th 11 the Sabond watch went on in site liberty so we will hear the news to night thear is too sail

November the 12 Leying in tumbes so on

In the morning sent too boats up the river for pumkins and potatos go abord about 1 eleven oclock both went up the river again those too sail we saw last night was a Chalcian frigate and a gun brig they say they took every sail they could and hoisted the Peruvian flag one was the old mountegudy frigate

Sund 13 this day has began and ended soon when the watch came abord last night thear was too men missing this morning one boat went up the river came down about ten oclock and brought them all of our lost men the other we left to grave amongst the spanyards got under way about too oclock stood out all clear from land so ends the day for every man has got his pay all but the Cholar which owed

Mund 14 This day fine pleasant weather about eleve oclock saw the land so ends the day with fiting the boats making gardens planten cabage beans and pumkins and so forth

Thurs 17 commences with light winds and pleasant killed a bullock thear is plent more in our company we are steering for it now will make it next tuesday or thurs day.

November the 18 leaving of the isle of melpella

Friday the 18 this day we went a blacfishing got four along side but on the acoun of of a cowhich we lost one skined three which we saved and lay to the most of the night

Sater the 19 this day we awas in greate hopes of seeing whales but were mistaken so in the after noon hailed them out they thre made about 8 barrels so on Lat 03; 48 N Long 80; 0 West

Sund the 20 this day commences with blacfishing board and got three in company with plenty of rain they will make about nine barrels Lat of fish Long of plantens

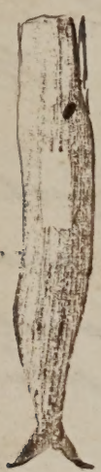
Tuesd the 22 Comences with light winds and squales of rain ship heding to the nottend and westward this place is very good for small fish but the square heads is very scarce we have been honered with the company of two boobyes Lat 06; 26 N Long 82; 21 West

Wedns the 23 Commences with pleasant weather about foser oclock in the moning saw the land stood in wtall about 2 oclock about night ketched a porpos it is the first one the voyage Lat 07; 21 N Long 81; 40 West

Thursd the 24 Commences with plenty of rain and sore wind beating round point packas so about three oclock it held up raining and cleared up a little we at alopt and saw som whales of the lee quarter board the boats and gave chac but they proved to be pretty wild

November the 24 bracing along shore to the northe
so we chaced them utill night on our
way a bound happened to catch one
asleep so we gave him a lance in the
side for old aquantance sake
point jackas was in sit at dark
so we dubible reefed the topsails and
lay to just night for them in the morn

Frida 25th saw whales in the morning about seven
got brekfast and board the boats three
boats Struck thear was plenty whales
and they brought to the Labord
boat lost her whale got too along
side and cut them in did not begin
to try on accou of being clos to the
land thear is a very strong curant
bear which sets us on the land



Sater 26th commenced trying out got through
three o'clock sunday morning I washed
and oup got breakfast so then we saw
Su 27th saw more board and got three took
them along side commenced cutting
about twelve got all cutin about
half past four so ends the times
the isle of pinos was in sit at 6
P M commenced trying

Monday 28th commenced with light winds and light
squals of rain about seven A M saw
whales got breckfast and board three
boats but got none but made one
cullen the water very much soon
about 10 o'clock D M got through
boiling Lat 6:15 Long 80:10 Wes

Tues 29th this day light winds and squalls
of rain cooperd saw oil so ends

November th 30 bouesing off frenemar bay on board

this day light winds and squalles of rain saw nothing ship hedeng W N W in search of whales i have but little to write thear was sum dispute about mening shelpt we have got one on board the cooper sais he knows one s costing fifteen hundred dollars but thear is nothing thought of the pric'l for the lam is to dy on sunday Lat N Long 8 3;00 West

December
Thurs th 1 this day we have nothing but rain it has rain'd all day and hardly stops at night ship hedeng N N W with a light breese Lat 04;15 Long 8 4;20

Frida th 2 this day pleasant weather and no rain in the after noon coopered sum oil stuck a dolphin and and skin'd the lant so at 6 P M shorted sail and Lay'd up N W Lat 08;4 Long 8 4;40

Sater th 3 Commences with light winds and pleasant in the morning saw the land and commenced stowing down we have got the main hatchway black of thirteen months out and a little to spare thear was plenty of hemiplanks in site Lat 09;3 Long 8 4;52 W

Sund th 4 this day commences with calms the land in site Sater part light breeses nothing seen but small fish Lat 09;3 Long 8 5;11 Wes

Mund th 5 Commences with light winds and pleasant Spoke a french schoner saw plent of blackfish nothing more at present in the Lat of the Sand

November the 7 Cruicing Along Shore Lat 10:0 N

Wedns the 7 Commences with Strong breeses Ship heding S e later part light winds saw nothing but humpbaks and porpos thear is a strong currant seting to the westward Lat 10:09 N Long 86:9 W

later the 10 Commences with light winds and pleasant saw a sail of the labord beam we make good headway thear for we made one degree in three days Steering South

Tuesd the 13 Commences with light winds and hevy rains middle part light rains and no wind the times are so dull that i cant find nothing to write about this day were employed in breaking out the fore peak for som pipe shooks and short shooks and Shookeas we have got in the latitude of rain soends Lat 07:0 N Long 86: rain

Frida the 16 This day fine breeses about eleven oclock Supose to have seen the land the isle of cocos or cocos isle later part squeales of rain and at night a ded calm so we have all parts the cooper has very driveng times seting up som pipes for water thear is nothing els to put in them for we have seen nothing els this dogs dge so ends with a tune on the fiddle i just herd a strong creek so i will leave off for to night so they put the fiddle in a bag the servant got her she is in the pamelly yet

December | th 17 off cocos isle trying to get in

Sater th 17 | commences with ranney weather and ends with the same the isle is about 15 miles off se nothing but porposes now days the whales have disapeard

Sun th 19 | about three o clock in the morning came to anchor the perceverance is near also
th 20 | the baltic 15 months out with 4 hundred and 50 - ; touched near and got som water we have got of two mapts of water about two hundred and 20 bbls we have to get of som wood and coconuts and shave goats one day that is all i supose ther is nine men gon ashore from the perceverance i dont now whether they will stop on not

Thursd th 22 | sent three boats after coconuts they got about one hundred got aboard half past one got diner and took the anchor got all clear by night standing to the N. E. thank fortune we have got clear of cocos isle and the shipsmen were still a shore

Sater th 24 | spoke the ship baltic she has got one small whale sinc we saw her

Sund th 25 | commences with Christmas and ends with rain

Fuest th 27 | about four o clock we raised whales board and got three
28 | began to cut got through at eleven A. M. and began to try out
29 | got done trying and washed off.
Lat 01:50. N. Long 89:15 West

December th 30 1836 in the Lat 1.21 N Long

Frida th 30 About threeclock P M raised whales

laard and got one forth waist and
bow boats the rest made off fish
31 Commenced cutting got them cutin
at halpast eight and went to
boiling Spoke the barque pierce
She has got no oil since she left the
islean Saw the barque sussex of
London that is all at pressant

Jan 1-1837-

Sund New years day made the isleland. Haymens
and wan of the bulpepers sent a boat
and got som fish the on is one sail in
sight the on was plenty of finbaks
in sight but no Sperm
the gipt
the old year is past and gon
the new year has began
May you may all think
of pleasures past
and live this yeam better than
last

Mund th 2 Commences with light winds and
pleasant about eleven A M raised
the isleland of albemarl and saw
a sail in the bay Saw plenty
of finbaks and small fish so on

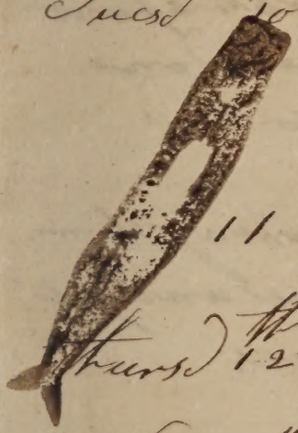
Thursd th 5 began to paint ship Spok Spoke the
barque leader of New bedford
Nineteen months out with thwelhundred
bbls

Frida th 6 in compeny with the leader raised
whals we launched our boats and
they launched to the windward
so we gave up the chace and came
aboard I past of the bay

January the 7 Lieing off the Lee bay and rock

Commences with a heavy fog about eleven
Cleared up and Spok the Ship harvest of
Nantuket 5 months out with one hundred
bbls Sais ships to home are in want of
men and oil is eighty seven cents a
gallon that is all Lean say they
also say that nantucket is half
burnt up for they had a fire and
burnt three houses which was 100
dollars damage that is half the islan

Tues 10



began to paint the boats about 12 oclock
raised whales Lower the boats and got
five got them along side and cut one
11 ing Commenced in the morning and
got them in at 12 A M and began to
Thurs 12 try trying all day so on

Frida 13 finished boiling and washed up
it has turned up 120 bbls which
helps along Seen whales near the islan

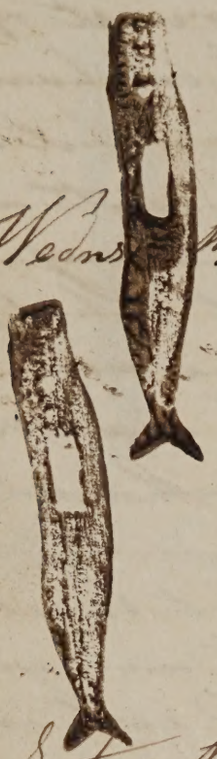
Sater 14 this day pleasant weather finished
painting the boats about 6 oclock
raised whales and Lower three boats
puled up to them and struck the
two which proved to be Lean
Sharks a sad mistake puled a little
further and saw Som finbacks so ends
heding in for the islands shall see
them to morrow if the wind stands

Sund 15 Spoke the perceverance and brig bloxgin
to the governar of charls island she is
whaling

Mund 16 Commences stowing down sand
Spoke the barque Bremen of N. B

January the 14 cruseing in the Le Bay and rock

Tuesd th 17 Very pleasant about 12 oclock raised whales board and got two and cut them on the same day one to the Sabard and bow boats



Wedns th 18 commenced boiling and raise som more whales board the waist boat got one the wear was six sails in sit they all had the ear boat down the barque Marcella 7 months out got one whale the which was the perst the barque bremen got one and one more dont now her name so ends

Sater th 21 commences with a fine breze runing down to Abingtons isle went ashore and got two terpen so ends the times

Mund th 23 Stowed down our last pair of forty bbls and Spoke the ship ganges of Nantucket 15 months out with 6 hundre Spe reports the ship Swift of N Bed has gon ashore in ruden bay with a thousant bbls of sperm oil hard news

XX Swift was saved - XX

Wedns th 25 All hands employed in making belts to go after terpen at Abbington island got ashore about one oclock sixteen men got 30 terpen

26 got ashore about 8 oclock A M about 3 oclk P M the ganges sent three boats ashore for terpen

th 27 got about both ships crews went for one hundred terpen they got but few at night came aboard and gave it up for a bad job

January th 21 Cruing in the Lee bay and nock

June th 29 Commences with light winds and pleasan
Saw three sails to the windward at seven
P.m, taked ship and stod out shore in
Febuary the rain . nothing more at preasent but
pas

Tues th 7 Commences with strong breses one sail
in site later part light nerids . —
shortned sail so end the Lee bay

Weds th 8 took our departure from the tarpen
islands for the off shore ground
in hops to get 5 hundred bats
all at preasant ground swell

Thurs th 9 Commences with rain and ends with
the sama all hands employed in
varous ocupations such as reading
novils and learning to work
logic so on all sort of byseness
on our way to the of shore

Dater th 11 light winds and pleasant saw
nothing the times are dull about
hear and wors in shore so of we go
Lat 00 : 15 S Long 95 : 0 West

Sund th 12 this day light winds and pleasa
about half past five we raise
whales loared the boats got
up to them about sunset but
got none so ends the day

Mund th 13 we have nothing but calms
hear was plenty of blackfish
about loand two boats and
got one, got past two more
but, all is, but was in the
way

Febuary the 14 in Lat 0° 00, South passage to the Of shore in search of Sperm oil

Tuesd th 14 commences with light wind and pleasont saw nothing but finbacks

Wedns th 15 the day begins with fresh breezes latter part Spuealy the mach employed in battening down the main rigging so ends

Thurs th 16 commences with the trades winds and with end with taking in all sail but three topsails and main yard a back So Lat 3:27 South Long 101;2 W

Frida th 17 Strong trades and plenty of ships Spoke the young eagle of Nantucket eight months out with 200 and 20 bbl Bear was two more in site they have been cutting the whales right and left Lat 4:50 S

Sater th 18 Strong south east trades Sailing with the three topsails fores and mainsails the canvas two sails in site at 6 P M single reefed the topsails took in the mainsail on the in shore

Sund th 19 Spoke the ship Cyrus of Nantucket 5 months out with seventy bbl Bear was two more in site

Mund th 20 Strong breres and squales of rain Winds but little going on now days we have bought a small boat of captain Ham Mc. dusk Mc. funk and Joseph and hunch back

Febuary the 21 On the off shore ground

Tuesd the 21 Commences with strong breezes and squales of rain at ten A M Steered off E east south North east thear was a ship past us about four oclock Dull musick Lat 4:45 - South Long 102:

Wedns the 22 this day moderate breezes saw nothing in the Lat 4:54 south Long 101:24 West thear is terpen to morrow so we shall have a fair blow out of the weather stea

Thurs 23 Strong breezes and squalls of rain saw nothing but pleasure boats to the windward at 6 P M shorte sail and layed a back all night so it ends with a sorry D

Frida 24 this day more moderate steering West south west saw nothing we see the same every day so ends Lat of Godport Long of herren

Sater 25 fine pleasant weather steering noth east at ten A M thear was a ship passed to the Leward at twelve oclock saw a breeche severel times ran por at but saw no more so we hauled over west to the Southward so ens

Sunda the 26 Strong breezes from the south east steering to the nothward and eastward about three oclock spoke the ship barkley of nantucket past 36 months out with 1400 barrels of bbls whales and 200 sperm thear Lat Long

Febuary the 27 on the offshore grounds somwhere

Munday the 27 More moderate with light squales of rain saw nothin no that is the very now days the cooper is going a head making tools for schrimshan when we get 14 hundred it wont be long

Tuesd the 28 About 12 a,m, raised whale we boared and chaced them till enear sun down came aboard Lat 5;45 Long 103;36 W/L

March

Wednsd the 1 this day more moderate one sail in site of the wether beam saw nothing more it is 41 days sens we got a whale we broke blackskin yesterday

Thurs the 2 Commences with fresh breezes one sail in site about half past 2 oclock raised a whale of the Lee beam a half a mile off Lard two boats the Labord boat struck he sounded out two lines and went of S=

Frida the 3 moderate breezes Spok the barque Columbus of Newbedford 10 months out with 2 hundred bbls so ends

Satrd the 4 pleasant about 12 oclock the Columbus off the Lee Beam put up before the wind supose to be chacing whales we ran of also until about 2 oclock Luffed to the wind about 5 PM raise whales of the Lee beam three miles off we boure but got none got up to them about sunset there were three turned flukes close to the boat this is all the satisfaction we got more next

March the 5 on the of shore in the Lat 5;40 S

Sund the 5 about 8 o'clock Pm we raised whales cou-ed three boat's the captain went in the lonboat his boat struck the whale he sounded out the line and went of to the windward line and all the ear was 4 more went with him how ever the ear was one left we came above at 12 and got diner chaced the other until three o'clok cleard away again and the captain got fast again the whale sounded out the best part of two lines the irons came out and he went to the windward lively times

Munda the 6 Verry pleasant latter part squa-ly spoke the columbus she has chaced whale to day but got non got none got none got none got none but want sum want sum want sum will get sum sum day yet sum sum da

X

Tuesd the 7 Squaly and rainey weather saw the bar-que off the Sea beem northerd Lat 6;06 S Long 103;21 West

Wedns the 8 this day was squaly and rainey saw nothing stood ship at 2 Pm stood to South-ward and nothing none Lat 5;19 south Long

Thursd the 9 Very pleasant to day saw nothing cruesing under single reefed topsails at night we haued up the courses and lay with the main yard aback all night so on Lat 6;30 S Long

March the 10. On the of shore on board A

Frida the 10 same as ever rainey and squaley
i have nothing to write about only
our crop of potatos which was
better this year than last for
we have been out 4 months and
we have got 15 barrels of potatos
left yet we had them up and
sprouted them so we can stay sum
longer is will rite no more
util i have somthing to write
about besids squales and rains

Sund the 12 light winds and pleasant weather
Steering of N W untill about
2 oclock when we spoke the ship
Francis of newbedford 10 months
out with 1 hundred bbls very
good for the times Lat Long

Mund the 13 Spoke the ship Stanton of fairhaven

part pleasant running down
between the rock and island

May Fri 1838 Begins with fresh breses and pleasant weather

Standing up for with head E & 4 P M spoke the Ship
Charles of New Bedford 6 months out and no Oil
Spok the Ships Indiek and Washington Se ends this day
Mobile

Tuesd 22 Begins with light winds three ships in
sight and gamming with the ship Washington

Wens 23 24 light breezes and pleasant a
breast of the S. W. point
saw nothing

Later
Th 26 begens with light airs from the
South at 10 A M. saw a sail to
the Eastward we are toring
to get up to Charlses island
the currents set at South hea
with light airs so we make but
slow headway at 6 P. M.
saw South head so ends

Tuesd 28 29 Came to Anch at Charles
Island & Black beach
in Company with the ship
Medas of Newbedford 6 months
no oil she has had a boat a
shore 10 days at 5 P M. get.
ting

Weds 30 one mach a shore on Liberty
Th 31 Labord mach on Liberty

June Fr 1
the medas sailed for Ponces
island took the governer down
potatos and beans and pumkins
neen deas

Sund 3 to anchrat black beach at Charles island

Sund 3 wayed ous anchor with a fresh breeze from the S.E at 4 P.M. took our departure from the South head of Albemarl bearing N.W. dist 15 ms

Mon 4 begins strong from S.E by S with hole topsails out breaking out bettiwiat decks

Tues 5 this day strong breezes from the S.E. ship heading S.W. by W. under three topsails and courses latter part the same

Wens 5 begins with fresh breezes from the S.E ship heading steering W.S.W. Lat 5-00 South Long 92.0 West from ajnenth sail plenty of porpoises

Thurs 6 Pleasant gales from the S.E, Sout steering W by S employed in ratting down the main rigging Saw nothing latter part day

Sat 7 Moderate breezes and squalls of rain saw plenty of porpoises Lat 5.30 S Long 101.15

Sund 8 begins with fresh breezes from the S.E. at 8 A.M spok the ship George Washington of Wareham 28½ months 1850 bbls she has lost her chief mate by a whale staving the boat in the Long 90

Since the on the of shore Lat 6 Lon 104
this man has gon to his long home
whear all must go be pere tis long
whether we are prepared or no
to this long home we all must go

the sea was rough the wind blew high
when pan thinnehake to save
they hauled up to lance this -
and he met with a watery grave

he was a man of good report
which good report doth say
beloved by all that knew him
now he has returned to Clay

o time it waits no earthly friend
no earthly hand can stay
the hand of death whereat it draws
sweeps mortal man away

O lord thy mercy show to us
poor mortals heer below
give us light All we pray
our future state to know

Give us o lord of thy truth grace
to fit us heer below
to enter land into thy rest
where glory ever flows

the tempest as they roll upon
the rocks upon [illegible] shores
would hurl us to destruction
did thou not interpose
O man consider well your state
while on this earth [illegible]
eternity is just at hand
who well give then an

Sunday 11 on the off Shore Lat Long

Wednesday 13 begins fresh breezes from the S.S.E with rain one ship in sight and for blocks
